

Voluntary Information Disclosure Form for NASA Kansas Space Grant Consortium

The National Aeronautics and Space Administration (NASA) Office of STEM Engagement (OSTEM) collects demographic data on all participants receiving NASA Internship, Fellowship, and Scholarship (NIFS) funding as well as all participants receiving significant contributions of other award types, either in funding amount, direct contact hours, or as determined by NASA Space Grant Consortium Affiliate Programs.

NASA funding to Kansas Space Grant Consortium (KSGC) is contingent upon the ability of KSGC to report essential information. Data collected on this form will be reported only to the KSGC Central Office and NASA OSTEM. NASA OSTEM compiles all data into generic data reports from which no individually identifiable information is available. NASA collects this information for the purposes of meeting program diversity standards, as determined federally.

The following information is provided on a voluntary basis, and I understand I can opt to not report on any or all of the following selections.

Name (First and Last)

Birth date

Gender

Male

Female

Prefer not to say

Ethnicity

Hispanic or Latino

Not Hispanic or Latino

Not Reporting
