

WSU NASA JUMP START PROGRAM

Wichita State University has a proud heritage of working with NASA. The WSU Jump Start Program (JSP) is designed to facilitate new student involvement in NASA relevant projects. The JSP funds select students to work with WSU or industry researchers on NASA or NASA-relevant projects.

PROGRAM GOALS

- **Engage** highly motivated and qualified students to learn by doing
- **Facilitate** research opportunities for new and transfer students
- **Create** a supportive environment, particularly for women and other underrepresented students
- **Cultivate** students for continued academic and research involvement

**APPLICATIONS
ACCEPTED IN
FALL/SPRING**
